

Details for Sowerby Bridge Area

Sowerby Bridge is a small town in the Calder Valley with the busy A58 running through the middle. All courses except Yellow cross this road so please take care as traffic can be heavy but usually quite slow. Crossings are marked on the map so please use these wherever possible.

Sowerby Bridge is quite hilly but please don't blame the planner, I didn't put them there. Parking on Station Road HX6 3AD with the start and finish on the Signal Box building
