

ORGANISER'S COMMENTS LINDLEY

This is the first event I have organised for over 10 years. In spite of this it seemed to go fairly well.

I would like to thank all the EPOC helpers, without whom the event would not have happened.

Thanks also to Judith Wood who checked all the controls when feeling unwell.

I have one word of advice to anyone thinking of arranging an event with their partner-don't.

It created too much discord and disruption in one household.
