The risks associated with competing in an outdoor environment are significant and need to be taken seriously by all competitors who take part at their own risk and are responsible for their own safety. Parents are particularly asked to emphasise these points with their children.

If you have a medical condition that first aiders should know about in an emergency, please contact the organiser with details, before/at the event before your run, in confidence. These details will only be used for the purposes of this event and will be deleted/destroyed afterwards.

**Insurance:** Members and Non-members of British Orienteering are covered by our public liability insurance.

Please ask any of our club officials for more information if you would like to join EPOC and British Orienteering.
