Explanation

The control card, left, contains three suggested courses, easy, medium and hard. Visit the controls in the order shown and mark the number you find on the control post in the box. Alternatively, you can make up your own course using any of the controls on the map.

These courses have been planned by EPOC in accordance with normal orienteering practice. However it is not possible to keep a constant eye on the area, so users must accept that neither EPOC, Yorkshire Water nor Calderdale Metropolitan Council can be held responsible for any accident, injury, loss or damage which may occur whilst orienteering.
